On site programs & Public Hours: Doris PC'd 9 times  
Sandi helped with 15 programs

Off site programs: Claudia PC'd 11 times  
Ann O helped with 8 programs

TOTAL programs (PC and helping) Claudia did 23 programs altogether

★ This is all on top of helping with other jobs at Liberty (hand feed, daily care, guides etc etc). Thank you all!!!

★ Linda reminded people to watch Education Training Video #1 at <http://libertywildlife.org/volunteer/volunteer-resources/volunteer-documents/> to remind yourself to keep your clips close and clipped in the right spot so we aren't hurting the birds if they were to bate.

★ Linda also reminded all PCs to please remember if Public Hours are happening on the day you are planning and to account for the PC on that program. Usually, there are plenty of birds to chose from, but some days have limitations.

★ Include the public hours PC – if there isn't one, include Laura and Jan so we can advise whoever else is on site as to what birds will be gone.

★ Thank you all – see you around Liberty!

★ (Please let me know if you were online and I didn't catch your name!)
